## PROFESSIONAL EXPERIENCE

### Software Development Engineer

**Microsoft**, Redmond, WA

July 2019-Present

- Web UI development using TypeScript, SCSS, React and Angular
- Contribute to pair programming and code reviews in React & Angular code bases
- Promote code through Azure DevOps & Git

Achievements:

- Designed Microsoft Admin Center "Surface device repairs" experiences with Figma
- Successfully transitioned code from Angular on *Microsoft Store for Business* to React on *Microsoft Admin Center*

### Front-End Designer

**T-Mobile**, Canyon Pointe, WA

March 2019-June 2019

- Create wireframes, mockups, and prototypes for CAB SharePoint sites using Adobe XD
- Collect project requirements from business customers and translate ideas into web components
- Provide UI / UX improvements for SharePoint websites hosted on T-Mobile's intranet, T-Nation

Achievements:

- Conducted meetings, compiled feedback, and finalized mock-ups for Service Catalog team
- Lead meetings presenting wireframes, mockups, and UI / UX improvements to teams and upper management

### Senior Developer II – User Interface Lead

**Premiera Blue Cross**, Mountlake Terrace, WA

2012-2018

- Lead UI developer on Provider portal team
- Used Web Accessibility Evaluation Tool (WAVE) to identify and correct Section 508 and WCAG issues
- Created functional web prototypes used for on-site Provider usability studies

Achievements:

- Delivered responsive design to all portals on Premiera.com, LifeWiseWA.com, and LifeWiseOR.com

- Accomplished and successfully passed WCAG 2.0 guidelines on Premera's Member and visitor Portals
- Received "On the Spot" recognition for "marrying the front-end code with the back-end code."

### **Senior Developer – User Interface Engineer**

**Premera Blue Cross**, Mountlake Terrace, WA

2006-2012

- Managed Premera's client-side assets including JavaScript, CSS, C# Layouts, and Master Pages
- Worked in an agile environment moving code from C# Web Forms to ASP.NET MVC
- Mentored back-end developers on how to apply CSS and Premera branding

Lead UI developer for:

- New Starbucks portal
- Premera.com brand redesign
- Microsoft Health Alternative Care Directory
- Generic Drug Savings Calculator
- Premera Online Annual Reports

### **Web Developer**

**Premera Blue Cross**, Mountlake Terrace, WA

2002-2006

- Simplified how web content owners submit updates through content management system
- Cleared out maintenance backlog

### **User Interface Design Engineer**

**Advanced Radio Telecom**, Bellevue, WA

2000-2001

- Worked closely with marketing department to develop interfaces that matched corporate image
- Implemented Hyperwave content management software

### **Web Developer**

**XO Communications**, Redmond, WA

1999-2000

- Designed, developed, and maintained company intranet site
- Translated static mockups into intranet templates

### **Webmaster**

**Sundog**, Seattle, WA

1997-1998

- Designed, developed, and maintained company internet site
- Created product catalog and marketing collateral
